Re: Public Records Request No: **13996**

Dear Mr. Schiano:

This letter is in response to your request for public records dated and received by this office on November 28, 2018, for the following:

*Any email sent or received by any employee of your agency between November 24, 2018 and November 27, 2018 which includes the keywords "tear gas" and/or "teargas".*

Your request is under review and a 14-day extension of time is necessary under Government Code Section 6253(c) to determine whether the requested documents may be publicly disclosed. Additional time is necessary to make the determination due to the following:

- (1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.
- (2) The need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of the agency having substantial subject matter interest therein.

I expect to provide you with a determination by **December 21, 2018**.

My office shall notify you if and when the records are available. This letter is also to advise you of the duplication costs. CDCR charges \$.12 cents per page for copies made pursuant to the Public Records Act, which must be received prior to sending out the documents. You will be advised of duplication fees once the records are collected and copied.

Should you have any questions or concerns please feel free to contact our office to discuss this matter further.

Sincerely,

*Michelle Mraule*
